

Dubai Investments Drives Inclusive, Low-Carbon Growth in 2024 ESG Report

Dubai, UAE, 30th Apr, 2025 – Dubai Investments, the diversified investment company listed on the Dubai Financial Market, has released its **2024 ESG Report under the theme “Resilient Futures – Advancing Sustainability Through Innovation and Collaboration.”** The report highlights measurable progress across clean energy, operational efficiency, workforce development, and community initiatives, with expanded coverage across 12 wholly owned subsidiaries.

The 2024 ESG Report affirms Dubai Investments’ alignment with international and national standards, including GRI, DFM ESG Indicators, and the UAE’s sustainability vision. As the Group looks ahead, its strategy remains rooted in transparency, measurable impact, and long-term resilience—driven by innovation and collaborative action.

“At the foundation of this progress lies strong corporate governance, which continues to guide our sustainability agenda,” **said Mohammed Saeed Al Raqbani, Head of Sustainability Committee at Dubai Investments.** “With oversight from an experienced and diverse Board of Directors, the Group is embedding ESG principles at every level of decision-making. In 2024, Dubai Investments reinforced its commitment to ethical conduct, risk oversight, and regulatory compliance—ensuring that resilience, transparency, and accountability remain central to the Group’s long-term strategy.”

Accelerating its transition toward a low-carbon future, Dubai Investments commissioned a 1.2 MW rooftop solar system at the Ritaj community, now supplying nearly 30% of its energy needs through renewables. Emirates Float Glass improved energy efficiency through targeted operational enhancements, while Emirates Extrusion Factory achieved 100% aluminium scrap reuse and implemented eco-efficient coating technologies. Group-wide efforts in water conservation advanced, with subsidiaries expanding reuse and treatment systems to reduce consumption and protect local ecosystems.

Human capital development remained a core ESG pillar in 2024. Over 2,700 employees participated in 9,600+ hours of training, spanning leadership, technical, and sustainability topics. Career development reviews achieved 100% coverage, reinforcing a culture of continuous growth. The Group advanced its Emiratisation agenda and also maintained full occupational health and safety coverage with zero fatalities reported. Community engagement also saw momentum through initiatives like the Green Run, school supply campaigns, and fertility awareness drives.
